DETAILS

Notice

Version for cars without Park distance control. For the mounting the original VW rear addon for PDC is needed and the two sensor holes in the middle must be closed.

Material

High quality german glass fibre reinforced plastic (GRP)

Expert's report

German TÜV report

Product copyright

The copying of our parts and our designs will be prosecuted!

ASSEMBLY

By gluing and bolting together with the stock rear bumper, no modifications necessary

Special feature

To make a usage of a tow-bar possible, the rear apron add on consists of three parts. The middle part is bolted together with the parts on the outside. This allows the tow-bar to be hung in easy.
